

Volunteer Opportunity Spotlight in western Nevada County

News | September 1, 2019

Submitted to The Union

Connecting Point is excited to announce the launch of Nevada County's new Volunteer Hub, a free service to connect Nevada County residents of all ages to volunteer opportunities in our community. Each week we will feature a selection of upcoming opportunities at local organizations.

This week, as we glide into fall, we are highlighting a wide variety of volunteer opportunities for those interested in lending a hand for an upcoming community event or a longer-term position. For more information on any of the following opportunities, please visit ConnectingPoint.org or call 211.

Connect to your cause:

22ND ANNUAL YUBA RIVER CLEAN-UP, SAT. SEPT. 21 – SOUTH YUBA RIVER CITIZENS LEAGUE

Be a part of the tradition! SYRCL once again unites the community to protect and restore the Yuba River watershed on Sept. 21 from 9 a.m. – 1 p.m. Join over 800 volunteers from our community, helping to keep our watershed clean. With over 30 sites to be cleaned along 80 miles of rivers and creeks, you can make a huge difference in the health of our Yuba in just one day. Choose from sites needing trash removal or ecology restoration; all volunteer levels are needed, whether you're a river warrior ready to get your hands dirty, or a family with small kids, we have the perfect site just for you. After the cleanup come to the Volunteer Appreciation Party from 1 p.m. – 3 p.m., at Pioneer Park in Nevada City. We can't wait to see you there!
